### COME MEET THE INVENTOR

Dr. Tuttle will change the way you think about local anesthesia. Inventor of TuttleNumbNow and practicing clinical dentist for 30+ years. He's taught his patented intraosseous injection to dentists in all 50 states and 23 countries.

He currently practices dentistry in Orem, UT and is excited to bring this exclusive training to you.

He has trained dentists in Bellevue before, and loves connecting with dentists in the PNW!

Dr. Tuttle will answer questions, show case studies, and give you tools to be even more successful. Join us!
