“DIGITAL WORKFLOW FOR THE MODERN PRACTICE”

THURSDAY MAY 16TH

6:00 PM-9:00PM*

*registration and dinner starts at 6:00,
presentation at 6:30

PATTERSON BRANCH
2864 E KEMPER RD
CINCINNATI, OH 45241

Course Overview

- Understand the fundamentals of Digital Dentistry and the role DS has played in revolutionizing dental workflows
- Explore the features of CEREC, CBCT, Primeprint, and DS Core individually, and how to integrate them.
- Explore case studies and real-life examples, or how to utilize the technologies to improve efficiency, planning, and execution of clinical workflows.
