

Modernizing Payments in Today's Dental Practice

Presented By:

Mark Rasmussen

**Tuesday
May 21st**

6:30pm - 8pm

FREE EVENT

**Register on
Eventbrite**

Course Objectives

This educational session will provide an overview of payment processing looking at old and new ways of handling dental transactions. It will show you things to look out for, things to not accept from providers, and how to better understand your true costs. The session will describe some of the payment technology that is available to practices today including a brief overview of the Moolah platform. There will be open Q&A segments to answer your questions about payment processing.
